Cup Relay Challenge Kindergarten 1A

At the starting point, six pairs of participants (made up of a parent and a child) will line up in a row with a series of chairs evenly spaced from one another in front of them. The starting participants will use the paper cups to balance a ball which is placed on the chair and transport it to the next chair – making sure the ball stays in the cup, without dropping it. Once the first pair of participants successfully transfers the ball to the next chair, they pass the cup to the next pair in line. This relay pattern continues until the last pair successfully transports the ball to the last chair at the finishing line.

**Mat Relay
Kindergarten 1B**

At the start, a parent and child pair will get four pieces of mats (2 mats for the adult and 2 mats for the child).

Since each person has two mats, let's call them Mat A and Mat B.

1. First, both parent and child must set their Mat As on the ground.
2. They will then stand on their Mat A facing each other, holding Mat B in their hands.
3. To proceed to the other side, they must set Mat B on the ground and step on it.
4. They must then pick up Mat A and set it next to Mat B to create a continued path.
5. As they reach the next pair, they need to put the mats on the chair. The next pair will take the mats and repeat the activity in this manner.
6. When the last pair reaches the finish line, they must sit on the chair provided.
7. The team whose pair sits on the chair first wins!

Scoop, Pass & Count Kindergarten 2B

Each student along with a parent/guardian will put their hands together which will act as a scoop for the candy. Both parent and child will then walk towards the next team member to pass the candy. The next parent and child team member will keep passing the candy cautiously, trying their best not to drop any candy on the ground. The last team member will receive the candy, count them, then write the amount on the whiteboard provided. The team with the most candy collected will be the winner. The winning team is determined by value.

Water Cup Toss with Spoon Ball Race
Year 3A

Each team consists of 7 to 8 players. At the signal, each player will need to fill in their cup with water at the start line and then walk/run to the finish line to fill in the empty bowl. While they are running, they also need to balance the ball on their spoon. If the ball falls off, they need to run back to the start line and begin again.

After filling in the water in the bowl, the student needs to get back to the start and pass the cup, the ball and the spoon to the next person. The first team to complete the obstacle wins the race.
