### PRECAUTIONARY MEASURES AGAINST COVID-19

I refer to the media statement made by the Ministry of Health dated 08<sup>th</sup> May 2023 regarding the latest development of Covid-19 in Brunei and the concern raised by members of the public regarding the increased in the number of reported cases of COVID-19 in the country.

As part of school's precautionary measures, please take note of the following:

- Parents are **NOT** to send their children to school if they are **unwell or tested positive** for Covid-19.
- **IF** any family members are **tested positive** for Covid-19 **but** the child is healthy and tested negative then, he/she can come to school provided he/she **MUST wear a face mask**.
- Students are encouraged to wear face masks while in school and parents are required to supply face masks and hand sanitizer to their children.
- As stated by the Ministry of Health, the public is advised to continue practicing good personal hygiene and proper cough and sneeze etiquette.

It is our hope to have parents' support in our effort to ensure that all students can attend school with less disruption in their studies for a better engagement and academic benefits.

We appreciate your understanding and cooperation. Thank you.
